Studebaker

Since taking over the Studebaker franchise, back in 1910, we have had many opportunities to handle automobiles built by other manufacturers—good ones, too—but we remain exclusive Studebaker dealers because we firmly believe that no other car, at my price, can equal a Studebaker in all the essentials that go to make up complete motoring satisfaction.

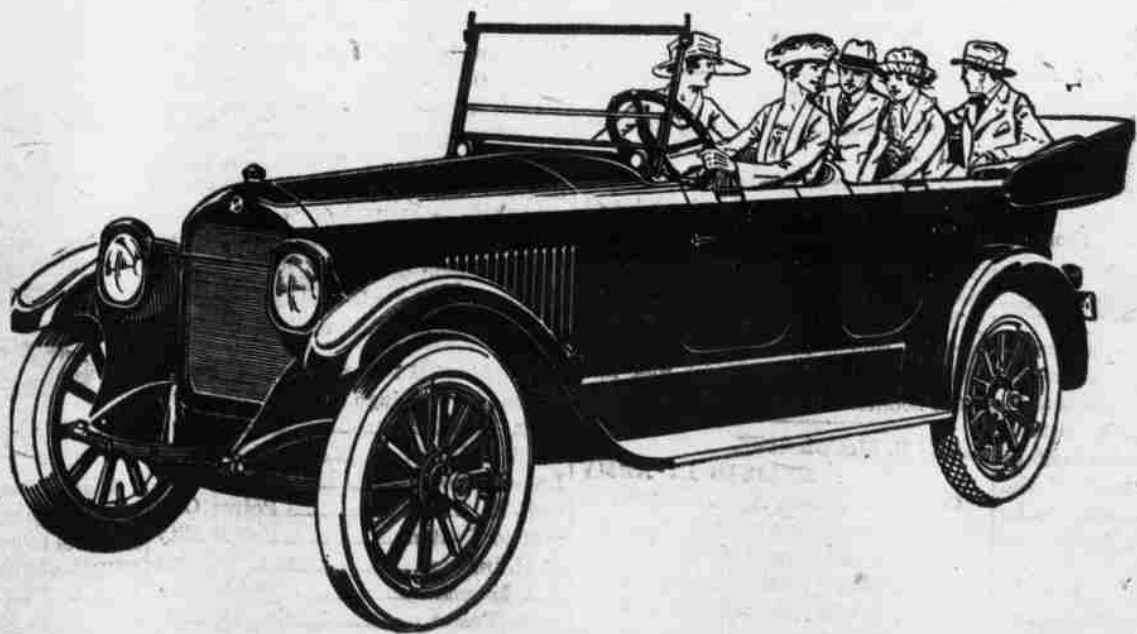

In the past decade we have sold hundreds of Studebaker Cars in this territory—and have made hundreds of friends both for ourselves and the manufacturers. We have consistently backed up the wonderful product of The Studebaker Corporation with a service that owners tell us is really out of the ordinary.

Rendering Studebaker owners satisfaction-insuring service is merely the fulfillment of a moral obligation. It is selfish, too, because we look upon every Studebaker Car we sell as our reputation running around on four wheels—and it becomes our duty to see that every Studebaker Car continues to run every day in the week and every week in the year. Our service facilities are ample to meet every requirement and parts are obtainable from us quickly at reasonable cost.

You should see our complete line of Studebaker Cars now on display—ride in them—and know why they are the most talked of motor cars in America today. Built complete in Studebaker factories—not merely assembled—they are beautiful in design, thoroughly modern and mechanically right.
